

## DISABILITY COMPENSATION

### “PRESUMPTIVE” DISABILITY BENEFITS

## WHAT IS “PRESUMPTIVE” SERVICE CONNECTION?

VA presumes that specific disabilities diagnosed in certain veterans were caused by their military service. VA does this because of the unique circumstances of their military service. If one of these conditions is diagnosed in a Veteran in one of these groups, VA presumes that the circumstances of his/her service caused the condition, and disability compensation can be awarded.

### WHAT CONDITIONS ARE “PRESUMED” TO BE CAUSED BY MILITARY SERVICE?

Veterans in the groups identified below: Entitlement to disability compensation may be presumed under the circumstances described and for the conditions listed.

Veterans within one year of release from active duty: Veterans diagnosed with chronic diseases (such as arthritis, diabetes, or hypertension) are encouraged to apply for disability compensation.

Veterans with continuous service of 90 days or more: Veterans diagnosed with amyotrophic lateral sclerosis (ALS)/Lou Gehrig's disease at any time after discharge or release from qualifying active service is sufficient to establish service connection for the disease, if the veteran had active, continuous service of 90 days or more.

Former Prisoners of War	Vietnam Veterans (Exposed to Agent Orange)	Atomic Veterans (Exposed to Ionizing Radiation)	Gulf War Veterans (Undiagnosed Illness)
<p><b>(1) Imprisoned for any length of time, and disability at least 10 percent disabling:</b></p> <ul style="list-style-type: none"><li>• psychosis</li><li>• any of the anxiety states</li><li>• dysthymic disorder</li></ul>	<p><i>Served in the Republic of Vietnam between 1/9/62 and 5/7/75:</i></p> <ul style="list-style-type: none"><li>• acute and subacute peripheral neuropathy*</li><li>• AL amyloidosis</li><li>• B-cell leukemias</li><li>• chloracne or other acneform disease similar to chloracne*</li><li>• chronic lymphocytic leukemia</li></ul>	Participated in atmospheric nuclear testing; occupied or was a POW in Hiroshima or Nagasaki; service before 2/1/92 at a diffusion plant in Paducah, KY, Portsmouth, OH, or Oak Ridge, TN.	<p><b>Served in the Southwest Asia Theater of Operations during the Gulf War with condition at least 10 percent disabling by 12/31/11. Included are medically unexplained chronic multi-symptom illnesses associated with exposure to environmental agents such as sulfur mustard and/or depleted uranium munitions.</b></p>

Disabilities determined by VA to be related to your military service can lead to monthly non-taxable compensation, enrollment in the VA health care system, a 10-point hiring preference for federal employment and other important benefits. Ask your VA representative or Veterans Service Organization representative about Disability Compensation, Pension, Health Care, Caregiver Program, Career Services, Educational Assistance, Home Loan Guaranty, Insurance and/or Dependents and Survivors' Benefits.
